ED 132 278 CE 008 450

AUTHOR	Lambert, Roger H.; And Others
TITLE	A Bibliography of Free Loan Materials for Career Education. Vocational Education Resource Materials.
INSTITUTION	Wisconsin Univ., Madison. Wisconsin Vocational Studies Center.
SPONS AGENCY	Wisconsin State Board of Vocational, Technical, and Adult Education, Madison.; Wisconsin State Dept. of Public Instruction, Madison. Bureau for Career and Manpower Development.
PUB DATE	76
NOTE	47p.
EDRS PRICE	MF-$0.83 HC-$2.06 Plus Postage.
DESCRIPTORS	*Annotated Bibliographies; *Career Education; Curriculum Guides; Resource Materials; *Vocational Education

ABSTRACT

This bibliography, part of the Vocational Education Resource Materials system, is designed to: (1) Encourage and support curriculum development and instructional activities in vocational education and career development through collection and dissemination of appropriate materials, (2) supplement and complement efforts of the (Wisconsin) State Educational Agency staff and School District personnel by identifying needed resources for use in instructional workshops and with other developmental activities, and (3) encourage use of resource materials and services in all appropriate programs of teacher education and staff development (pre-service as well as in-service), and in classroom implementation. Each entry includes a call number, title, series note (not always used), edition statement (not always used), author(s), publisher's name, publisher's address (for ordering purposes), date of publication, pagination, price, grade level (when applicable), and an annotation. Information about the Vocational Education Resource Materials system, and a materials index are included. (SH)

****
* Documents acquired by ERIC include many informal unpublished *
* materials not available from other sources. ERIC makes every effort *
* to obtain the best copy available. Nevertheless, items of marginal *
* reproducibility are often encountered and this affects the quality *
* of the microfiche and hardcopy reproductions ERIC makes available *
* via the ERIC Document Reproduction Service (EDRS). EDRS is not *
* responsible for the quality of the original document. Reproductions *
* supplied by EDRS are the best that can be made from the original. *

FREE LOAN INSTRUCTIONS
VOCATIONAL EDUCATION RESOURCE MATERIAL COLLECTION

VOCATIONAL EDUCATORS, STUDENTS AND OTHERS throughout Wisconsin are eligible to borrow materials listed in this bibliography. There are no fees charged for using materials from the Resource Materials Collection.

Managed and staffed by personnel of the Wisconsin Vocational Studies Center and the Educational Instructional Materials Center, University of Wisconsin-Madison, the collection is supported by funds from the Bureau of Career and Manpower Development, Department of Public Instruction, and the Wisconsin Board of Vocational, Technical and Adult Education.

HERE'S WHAT YOU DO:

1. Choose materials you would like to borrow.
2. Write the item order numbers on the borrower's card printed on the back cover of this bibliography.
3. Please print or type.
4. If you want materials not listed in the bibliography, please tell us the title, originator, and/or the specific subject. We'll try to get it for you.
5. Mail all requests and inquiries to:

   Wisconsin Vocational Studies Center
   Box 49, 321 Education Building
   University of Wisconsin
   Madison, Wisconsin 53706

HERE'S WHAT WE DO:

1. We'll send the materials you request (if not already on loan.)
2. We'll send materials in an envelope or package you can use to return the materials.
3. Along with the materials, you'll receive:

   ✓ a return mailing label
   ✓ a new order card
   ✓ a list of simple instructions.

4. We'll enclose a notice of the date by which the materials must be mailed back to us. Please be sure your name is with your returned materials.
5. Materials will be mailed from and MUST BE RETURNED TO:

   The address which is printed on the Return Mailing Label enclosed with the materials.

EXPLANATION OF THE BIBLIOGRAPHICAL FORMAT

Entries in the bibliography represent an attempt to describe individual items as completely and accurately as possible. The following example identifies the parts of a typical entry.

G-291[1] MATHEMATICS FOR THE SLOW LEARNER.[2] Research report no. 32-A.[3] 1st ed.[4] By Emma Brown and Max Witowski.[5] Deseret Publishing House,[6] 1824 Locust St. South, Salt Lake City, UT 84110;[7] 1974.[8] 329 p.[9] $19.95.[10] Middle school level.[11] "Designed for the culturally and socically disadvantaged student."[12]

1. call number
2. title
3. series note (not always used)
4. edition statement (not always used)
5. author(s)
6. publisher's name
7. publisher's address
8. date of publication (variations: 1973? Almost certainly published in that year; 197-. Published during that decade)
9. pagination
10. price (if price is unknown, left blank)
11. grade level (indicated only when grade level is not apparent from title and only on items added to collection after January 1, 1976)
12. annotation (not always used; when in quotes, a direct quotation from the publication)

ABBREVIATIONS USED IN CATALOGING

comp. compiler(s); ed. edition or editor(s)
et al. and others; l. leaves
mm millimeter; n.d. no date
n.p. no place; p. pages
rev. revised; v. volume(s)

EXPLANATION OF BIBLIOGRAPHIES AND FREE LOAN SYSTEM

WISCONSIN VOCATIONAL STUDIES CENTER

UNIVERSITY OF WISCONSIN-MADISON

PURPOSE - The Vocational Education Resource Materials system has been designed to:

1. Encourage and support curriculum development and instructional activities in vocational education and career development throughout the state through collection and dissemination of appropriate materials on a free loan basis;
2. supplement and complement efforts of State Educational Agency staff and School District personnel by identifying needed resources for use in instructional workshops and with other developmental activities; and
3. encourage use of resource materials and services in all appropriate programs of teacher education and staff development (pre-service as well as in-service), and in classroom implementation.

AREAS - Bibliographies exist for each of the following vocational education areas: 1)Agriculture, 2)Business Education, 3)Career Education, 4)Distributive Education, 5)Handicapped and Special Education, 6)Health Occupations 7)Home Economics, 8)Industrial Education, and 9)Research and Development.

USES - Potential uses for the Bibliographies and the materials borrowed through the system include workshops, student and teacher references, identification of curriculum aids, undergraduate and graduate student references, administrative planning, identification of materials for purchase, and other classroom or instructional uses.

LOAN PROCEDURES - Order forms are enclosed at the end of each bibliography and may be reproduced locally. Anyone wishing to borrow materials can do so by simply stating the item order numbers of the materials desired. Requests will be filled by mail on a first-come, first-served basis. In addition to mail requests, materials are available for examination and loan at the School of Education IMC, located in the Teacher Education Building, 225 N. Mills Street, Madison, WI 53706.

SOURCES OF MATERIALS AND FUNDS - The development of the Bibliographies and free loan system has been made possible through a grant from the Bureau of Career and Manpower Development, Wisconsin Department of Public Instruction, and the cooperation of the Wisconsin Board of Vocational, Technical and Adult Education.

CONTRIBUTION OF MATERIALS - Materials have been identified from throughout the United States. Materials collected as part of the on-going operation of the Wisconsin Vocational Studies Center have been included, as have many items contributed by various departments on the Madison campus and teachers throughout the state. You may wish to contribute items which you have developed in your school. If so, send them or the title and publisher to the Wisconsin Vocational Studies Center. Your suggestions are welcome too.

MATERIALS NOT INCLUDED - the bibliography does not attempt to include materials listed in readily available catalogues produced by commercial sources, government agencies or other agencies which normally supply their lists to teachers. However, some duplications may exist, but attempts have been made to avoid duplicating the ERIC, AIM, ARM, CIJE and other material lists.

DISTRIBUTION OF BIBLIOGRAPHIES - Bibliographies are distributed free to vocational and other selected educators in Wisconsin. Persons out of state or others may purchase the bibliography. Only the bibliography appropriate to the field in which the person works is supplied to an individual. Complete sets of all 9 areas are available through LVEC's at the secondary level and through the Learning Resource Centers and Division Chairmen at the post-secondary level.

PURCHASE PROCEDURE - Items may be purchased, when available, from the supplier or publisher listed in each bibliographic entry. No purchases may be made through the Center.

CODING SYSTEM - A coding system has been designed to facilitate cataloging of materials. The system incorporates Office of Education program code numbers and ERIC identification group numbers and terms. This system allows for a categorical breakdown within each program area.

UPDATES - Periodic update of bibliographies will be made as materials are added to the collection. Updates will be by program area addenda until such time as printing of an entirely new bibliography is warranted.

COMPUTERIZED INFORMATION RETRIEVAL SYSTEM - A computerized information retrieval system which accesses ERIC, AIM, ARM, and CIJE is in operation through the Wisconsin Department of Public Instruction (WIRE) and through local VTAE Districts. The computerized system will identify materials and print out titles as well as abstracts. For more information, contact the above agencies or the Wisconsin Vocational Studies Center, University of Wisconsin-Madison. The Computerized Information Retrieval System supplements the bibliography presented here.

REGIONAL CURRICULUM LABORATORY ASSOCIATION - The Center maintains contact with the Regional Curriculum Laboratory for Vocational Education located at Springfield, Illinois, through the Department of Public Instruction and the Wisconsin Board of Vocational, Technical and Adult Education. The Regional Lab provides a backup source of materials as well as a contact for information about new materials being developed throughout the nation. For searches for materials, contact the Wisconsin Vocational Studies Center, University of Wisconsin-Madison or Mr. Cliff Zenor at the Wisconsin Board of Vocational, Technical and Adult Education or Mr. Donald Zahn at the Wisconsin Department of Public Instruction.

SPECIAL SUBJECT AREA LISTINGS - Certain subject areas represented in the bibliographies cut across several program areas; thus it is advisable to look at bibliographies for other program areas as well as your own. In some cases this cross referencing has been done by the Center staff for someone else. If you have a particular need for information which cuts across service areas, such as cooperative education, metric education, work experience, evaluation, etc., you can check with the project staff to see if it has already been completed. A copy will be mailed to you if it is already available; if not, and staff time permits, we will search the collection and compile the list for you.

DISADVANTAGED RELATED MATERIALS INDEX

The Index to Disadvantaged Materials represents an attempt to bring together all the materials found in the Resource Materials Center's free loan collection which are related to educating disadvantaged persons. The definition of "Disadvantaged" used to identify materials in this list is necessarily a broad one. The term includes persons and groups who cannot compete or perform at levels normally required by educational agencies, employers, and society in general for a wide variety of reasons, social, cultural, economic, linguistic, and emotional. The term is not meant to include those with mental or physical handicaps.

Materials included in the listing cover a broad range of types--research studies, curriculum guides, games and simulations, basic education, low reading level, directories, resource and bilingual materials.

The materials are grouped under the heading of the subject area which they fall. The numbers on the left-hand side of the paired columns are the call numbers of individual items; the right-hand number refers to the page number of the bibliography on which the item is listed. For example, item D-476 appears on page 5 of the Distributive Education Bibliography. On referring to the Distributive Education bibliography, the user will find D-476 SUGGESTIONS FOR DISTRIBUTIVE EDUCATION PERSONNEL TO ASSIST BUSINESS IN DISADVANTAGED AREAS. Vocational-Technical Curriculum Laboratory, Rutgers--the State University, New Brunswick, NJ 08903; 1971. 28 1.

For effective use of this listing, it will be necessary for the user to have access to the complete set of bibliographies for 1976-"A"-Agriculture, "B"-Business, "C"-Career, "D"-Distributive, "H"-Home Economics, "M"-Health, and "I"-Trade and Industrial; and to the 1975 Edition of the "S"-Special Education Bibliography and the 1976 Supplement to the 1975 Special Education Bibliography. Complete sets of the bibliographies will be distributed to Wisconsin high schools and VTAE campuses. It will not be possible to use the Disadvantaged Related Materials Index with previous editions of the Resource Materials Center's bibliographies. The page numbers are keyed to the 1976 edition only. The exception is the 1975 edition of the Special Education Bibliography.

UNIVERSITY OF WISCONSIN-MADISON
SCHOOL OF EDUCATION

WISCONSIN VOCATIONAL STUDIES CENTER
Box 49, 321 Education Building
University of Wisconsin
Madison, Wisconsin 53706

TIPS FROM THE VOCATIONAL EDUCATION RESOURCE MATERIALS COLLECTION:

1. *If you do not get materials you want, try again. If you get tired of trying, please tell us before you give up.*
2. *You do not have to wait for a new order card. Use a plain postcard or mail your request in an envelope. Please include all necessary information, using the sample request card as a guide.*
3. *You will pay too much postage if you do not use our return label or mark your package: "LIBRARY RATE".*

IF YOU HAVE ANY COMPLAINTS - TELL US;

ANY COMPLIMENTS - TELL OTHERS.

WISCONSIN VOCATIONAL STUDIES CENTER

The Wisconsin Vocational Studies Center at the University of Wisconsin-Madison was reorganized with the support of the Wisconsin Board of Vocational, Technical and Adult Education within the School of Education in 1971. The function of the Center is to serve the State of Wisconsin in a unique way by bringing the resources of the University to bear on identified problems in the delivery of vocational and manpower programs—vocational education, technical education, adult education, career education, manpower training—to citizens of all ages in all communities of the State. The Center focuses upon the delivery of services including analyses of need, target groups served, institutional organization, instructional and curriculum methodology and content, labor market needs, manpower policy, and other appropriate factors. To the extent that these goals are enhanced and the foci of problems widened to encompass regional and national concerns, the Center engages in studies beyond the boundaries of the State.

Merle Strong, Director
Roger Lambert, Associate Director
